

BASICS Virtual Career Fair

Welcome to the BASICS Virtual Career Fair. The purpose of this Career Fair is to present students and adults with career information that helps them identify careers of interest that are available in Blair County. To this end, we've solicited short videos from businesses and professionals across Blair County, asking them to describe their typical work day, the training and education necessary for their job, what they like most about their job and what they find challenging.

We've conveniently gathered these videos together on a YouTube Video Channel: [Blair BASICS Virtual Career Fair](#). You can click this link or search for the channel in YouTube and see all of our current videos in one place. And we will continue adding to our collection. Subscribe to the channel and you will see new featured videos each month exploring the careers available in Blair County.

If you would rather pick and choose separate videos, then this PDF is the ticket for you. Our current videos are listed below. Click a video that interests you and it will pop up in your browser on YouTube. We'll update this PDF as our collection grows so you'll have the broadest selection possible. Meanwhile, enjoy the Virtual Career Fair.
